Skills

- **Programming:** Java, Python
- **Frontend:** HTML, CSS, JavaScript, React.js
- **Backend:** Java (Spring Boot), Python (Flask), REST APIs
- **Database:** MySQL
- **Core:** OOP, Data Structures & Algorithms (DSA), Computer Networks, Git & GitHub

Projects

SpeakWell: AI-Powered English Speaking & Communication Learning App
HTML, CSS, JavaScript, Python (Backend)

- Integrated an **AI chatbot** for real-time conversational English practice, improving user engagement and interactive learning.
- Implemented **AI-based speech evaluation** to analyze pronunciation, fluency, and speaking accuracy with personalized feedback.
- Designed daily progress tracking and session scheduling features to encourage consistent learning and monitor improvement.

Climate Change Prediction Model
Python

- Performed comparative analysis using **Support Vector Machine (SVM)** and **Random Forest** algorithms to predict global temperature anomalies and weather trends.

Air Quality Index Prediction System
Python, Machine Learning Models

- Developed a **machine learning solution** to estimate Air Quality Index (AQI) levels from atmospheric pollutants and provide personalized health safety recommendations.

Blood Donor Connection Portal
HTML, CSS, JavaScript, PHP, MySQL

- Developed a web application connecting blood donors with recipients during emergency situations, featuring **donor registration, location filtering, and blood availability search**.

Experience

Tap Academy **6 Months**
Full Stack Developer

- Successfully completed a **6-month internship** as a Java Full Stack Developer, gaining practical experience in full-stack application development.

Achievements

- Awarded the **Highest Academic Standing Award** during the first year of Bachelor of Engineering at Saveetha School of Engineering.
- Demonstrated proficiency in **Java SE 17, OOP principles, Stream API, concurrency, and memory optimization**.
- Completed an **Elite National Certification** covering embedded hardware, sensors, cloud integration, and wireless communication protocols.
- Collaborated on rapid prototyping of software solutions for real-world challenges during a **university hackathon competition**.

Education

Bachelor of Engineering (B.E.) in Computer Science **2022 – 2026**
Saveetha Institute of Medical and Technical Sciences, CGPA: 8.96 *Chennai, India*

Intermediate (BIEAP) **2020 – 2022**
Sri Chaitanya Junior College, CGPA: 95.2 *Tirupati, India*

Secondary School Certificate (SSC) **2019 – 2020**
Sri Gowtham High School, CGPA: 99.17 *Kadapa, India*
